

Counterfeit Parts Policy Statement

Weblark Engineering Ltd acknowledge that counterfeiting is a serious issue and poses a significant safety hazard within our industry. Weblark Engineering Ltd do not use, nor condone the use of counterfeit or grey market products. Weblark Engineering Ltd also expect our supply chain to adhere to our ethical business standards and mirror our practices and procedures.

Weblark Engineering Ltd have a stringent policy and procedure to ensure we do not have counterfeit (non-conforming) products entering our supply chain. Weblark Engineering Ltd will only purchase products from our approved supplier list.

Weblark Engineering Ltd will inspect all parts upon receipt and ensure that the parts are compliant to manufacturer's specification. Any part that is deemed to be counterfeit will be documented and an investigation carried out by Weblark Engineering Ltd and the supplier. Depending on the outcome of the investigation, the supplier may or may not be conditionally reinstated as an approved supplier of Weblark Engineering Ltd.

Once a part is confirmed to be a counterfeit part, company directors are notified. This is enforced by procedures and controls in place that are compliant with the Aerospace industry standards.
